These components have been selected as standard sizes for the convenience of our customers. Other sizes and shapes may be in open stock, and any requirements will be quoted on a custom basis. Delivery may not be from open stock. Restocking time is normally 4 to 8 weeks.

All dimensions are outside dimensions and may vary +/- 5%. Volumes are in cc's and are only approximate because the wall thickness may vary considerably. Nominal wall is lesser of 5% of diameter or .125 inch. Some warping and sidewall distortion is normal for MgO, especially rectangular shapes. Nominally flat surfaces may be slightly convex or concave. All tray Heights are hand finished and may vary by 25%.

Discounts are quoted for quantity orders on request. Prices may change without notice.
